EVALUATION REPORT

Subject:- Evaluations of Social Impact Assessment Reports by an Multi-Disciplinary Expert Group.

Ref:- Notification Vide No F. 09(03) / REV / ACQ / XIV / 11-6 dated 27.10.2016.

We the following members have persused and examined all the contents / points / information of the Social Impact Assessment team, which they have reflected in the report in prescribed Form No II & Form No III and Form No IV of the "the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013".

We have visited the proposed areas of acquisition at Mouja Srirampur, land measuring 0.73 acres in Srirampur T.K. under Kailashahar Sub-Division for construction of approach road to RCC bridge over Hhalaicherra to examine the impact of the Said project and to cross cheek correctness of the reports of the social impact Assessment study team vis-à-vis field position and observed that the reports submitted by the SIA team on the projects are found relevant with the ground realities and the project serves public purpose in many positive ways. The public of the large areas i.e Chaidrun, Srirampur, Halaipar are being bedly hampered since long due to non-connectivity of the bridge approach. More over the condition of SPT bridge which is used by the public very bad condition as a result any unpleasent accident may be occurred any time.
